

Church & Technology Summit 2022

In recent years, buzz words like 'Digital Transformation', 'Digital Strategy' and 'Digital Footprint' are all around us. Technology is advancing at an alarming rate and if you're not engaged in the process on some level, you're going to get left behind.

Churches are not exempt from this reality. To stay relevant, you're going to need more than a website and an app. You're going to need a strategic plan, a roadmap, and a clear vision of what exactly you want to accomplish and how technology can assist you in achieving those goals.

Church & Technology Summit 2022 is a 3 ½ day multi-track conference bringing together Lead/Executive Pastors, Industry Experts, Technology Enthusiasts, and Digital/Social Media Managers seeking how they can more effectively advance ministry through technology in this digital age.

Participants representing churches of all sizes from across the country will be providing useful information on current technology trends, common issues facing faith-based organizations, and how technology can help solve them. Attendees will also experience networking opportunities and a marketplace with various technology solutions designed for the faith-based community.

The sessions are designed to be practical & hands-on so that the attendees will leave with specific resources to develop and deploy a comprehensive digital transformation strategy within their ministries.

The conference venue will be Christ's Church of the Valley Glendale, AZ location. CCV is a beautiful church campus that feels like one of the most prestigious spiritual universities in the world, teaching all who enter and impacting God's servants in life-changing ways. With a weekly attendance of over 35,000 across fourteen campuses, Christ's Church of the Valley is one of the most active and fruitful church organizations in Arizona. Under the leadership and vision of Senior Pastor Ashley Woolridge, CCV continues to grow and expand at an unprecedented rate. Leadership has created a welcoming atmosphere at this non-denominational church with the singular goal of inviting all to praise and worship the one true God.

The official conference hotel will be Renaissance Glendale Hotel & Spa. Charming, authentic, and anything but ordinary, Renaissance is ready to help you discover Glendale, Arizona in an unforgettable fashion. The hotel is a short walk from attractions, including Gila River Arena, State Farm Stadium, home of the Arizona Cardinals, Tanger Outlet, and buzz-worthy Westgate Entertainment District; spring training at Camelback Ranch is also close. A memorable experience awaits you at Renaissance Phoenix Glendale Hotel & Spa.

This is more than an event— it's a can't-miss experience. Registration is now open. Registration after May 31st increases to \$399.00/pp. If churches register 3 or more attendees, there is an additional 20% discount available. Simply add the Promo code of CTS2022 to your registration for the additional discount.
